

Boston Light & Sound

Looking For 16mm Test Film?

Boston Light & Sound would like to introduce our new BL&S 1682 16mm test film. This multipurpose film provides:

- Focus charts from 24-80 LPMM
- Travel ghost checks
- Both English and Metric dimensions for 1.33:1, 1.77:1 and 1.85:1
- Decimal aperture cutting indicators
- 50% checkerboard
- 400Hz tone (approximate)
- Emulsion position indication (A or B wind)
- Printed on Kodak Estar base sound negative stock
- Produced in accordance with SMPTE RP-82 and standards 7 and 233
- Available in 25 or 50 foot rolls

To place an order e-mail [Mark Grundstrom](mailto:Mark.Grundstrom@blsi.com) or call 617-787-3131 x107.
